

# MOTORCYCLE PARKING TRIAL FREQUENTLY ASKED QUESTIONS

From Monday 15 February 2016, Adelaide City Council is trialling motorcycle and scooter parking on designated footpath areas to cater for existing parking demand, and to also encourage more people to come into the city by motorcycles and scooters. Two locations have been selected:

- » Victoria Square / Tarntanyangga (north-west corner)
- » Light Square / Wauwi (western side, just south of Currie Street)

Below are some Frequently Asked Questions (FAQs) to assist you in understanding the Do's and Don'ts when using these parks.

## **How will motorcycle and scooter riders access the designated trial parking areas?**

A driveway access point is located adjacent to the designated motorcycle trial parking area in Light Square to assist with safe access, and will not impact on pedestrian movements.

The Victoria Square trial location has a service road, which will be used by motorcyclists to access the parking area.

Motorcyclists are not under any circumstances permitted to ride along the footpaths.

## **How will the motorcycle and scooter areas be designated?**

Motorcycle and scooter riders can only park in the designated footpath areas. Signs will delineate the area where you can park your motorcycle.

During the trial period any motorcycle or scooter found parked outside of the designated footpath area may be issued a fine of \$91 in accordance with Australian Road Rule regulation 197. Fines may also

be issued by SAPOL, which would in addition attract a \$60 victims of crime levy.

## **Will there be interactions between people riding motorcycles or scooters and pedestrians?**

The locations selected for the trial do not require motorcycles or scooters to cross footpath areas or pedestrian desire lines. Unlike the recently changed laws regarding riding bicycles along footpaths, riding a motorcycle or scooter on a footpath is an offence. Will the motorcycle parking be free, and will there be time limits imposed on the parking?

During the trial, the motorcycle and scooter parking will be free, consistent with all other on-street motorcycle and scooter parking in the City of Adelaide.

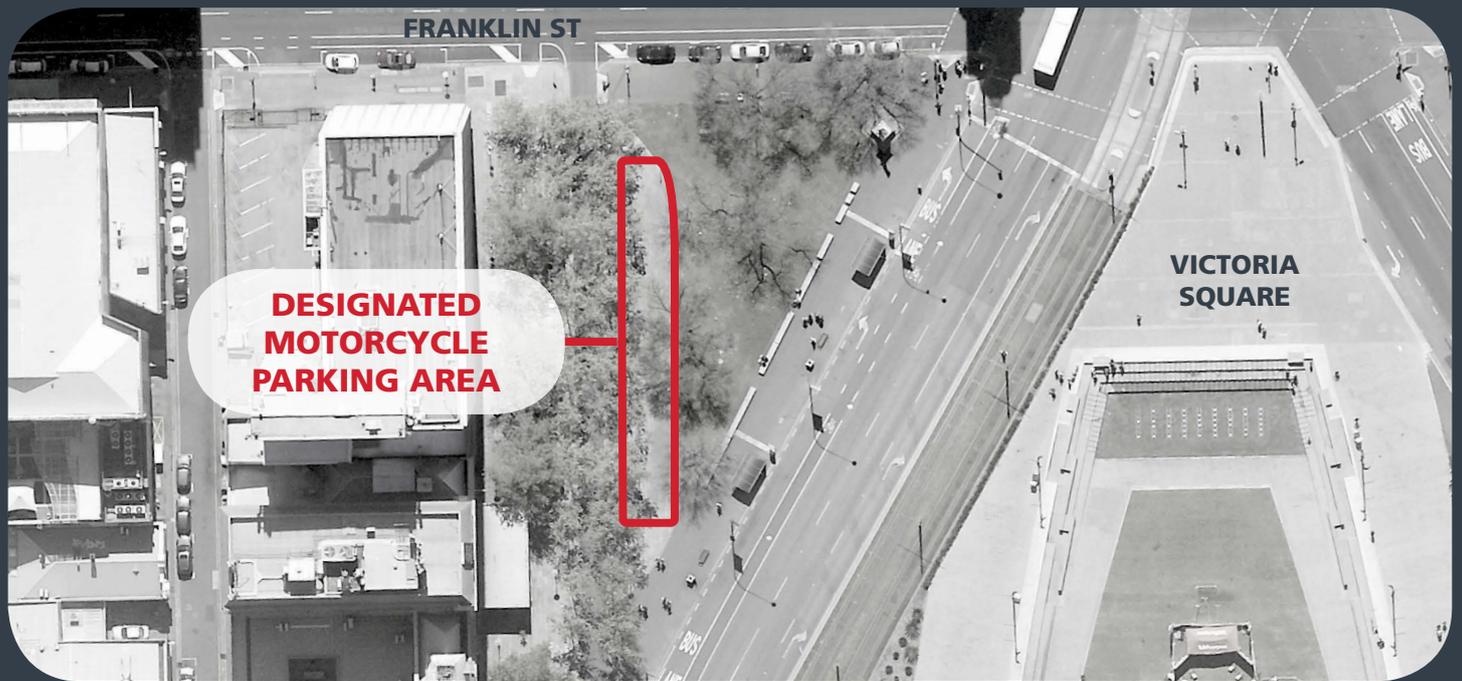

There will be no time limits during the trial, but this may be reviewed in the future as part of a broader on-street motorcycle parking review.
